Observe the specifications for tires and wheels in the vehicle's documents. If you install tire sizes not approved by the manufacturer, an entry in the vehicle documents may be necessary.

Light-alloy wheels are the only wheels permissible for summer tires.

Snow chains

You cannot mount snow chains with the following tires:

225/45 R 17 91 W

225/45 R 17 91 Q M+S

245/40 ZR 17

Mixed tires

For details concerning tire makes for mixed tires, refer to the vehicle documents.
